Vrezh's family did not submit the required financial documents for the surgery, nor a physician's certificate confirming that the procedure took place, as priorly agreed. In line with the Fund's accountability policy, we could not proceed with reimbursement without proper documentation. We initially earmarked the funds for possible physiotherapy; however, after an extended period without contact from the family, the remaining \$1,840 has been reallocated to provide essential medication for another child with a serious health condition. Respective documents are attached.
